Dear Year 6 Parents and Carers,

I am pleased to share with you your child's SATs results.

Unfortunately, Arbor is not able to distribute these results in the same way as the reports, therefore results will be placed in a sealed envelope and passed to your child at pick up time.

- If you **do not** want your child to bring home their results envelope and you would prefer to collect it from the office, please email us by **2.30pm today**. The envelope will be available to collect from the office at pick up time.
- If your child is going to ASC, they will have the results to hand to you when you collect.
- If your child is absent you can collect their results from the office from Monday morning.
- If you are a separated parent and would like a second copy of the results, please email the office and we will make arrangements for you to receive a copy.

As well as detailing your child's scores, the report explains how the scoring system works.

It is important to consider these statutory results in combination with the teachers' judgements regarding your child's progress and overall performance, as reflected in their end of year report. The SATs results reflect a performance in a test on the day in which they sat that test. Teacher judgements reflect how they perform in class on the whole. We do share teacher judgements with their secondary school.

We are incredibly proud of all of the children, who have developed into wonderful ambassadors of our school. The feedback I received about them after they supported sports day for our younger children was testament to the fabulous young people they are.

If you have any questions or concerns about your child's results, please do not hesitate to get in touch.

Yours faithfully,

Mrs Barker
Headteacher
