21 July 2026

Dear Year 6 parents and carers,

We hope that you have been able to celebrate the last few days of your child's time in primary school and that you were pleased with their end of year results. We would usually have shared the National picture as part of this process but there was a delay in us receiving this information from BCP this year. We have now received this information and have pleasure in sharing this with you.

The Key Stage 2 comparative report allows you to compare your child's performance at the end of Key Stage 2 with the attainment of other year 6 pupils in our school and across England. The table below shows you this information.

Subject	Area	Percentage of Pupils Achieving the Expected Standard	Average Scaled Score
Reading	School	85.7%	106.6
	Nationally	75%	106
Writing TA	School	60.4%	n/a
	Nationally	72%	n/a
Mathematics	School	80.2%	106.1
	Nationally	74%	105
Grammar, Punctuation & Grammar	School	84.6%	106.9
	Nationally	73%	105
Science	School	87.9%	n/a
	Nationally	82%	n/a

We are incredibly proud of our year 6 children.

Once again, if you have any questions or concerns, please do not hesitate to get in touch.

Best wishes

Mrs Barker
